ADA Title II Disability Discrimination Policy

Responsible Offices: ADA/Section 504 Coordinator

Abbreviations: Tennessee Department of Transportation (TDOT)

Americans with Disabilities Act (ADA)

AUTHORITY: Section 504 of the Rehabilitation Act of 1973. The Americans with Disabilities Act of 1990, as amended T.C.A. §4-3-2303. Federal ADA Title II regulations regarding public entities defined in 28 CFR Part 35. If any portion of this policy conflicts with applicable state or federal laws and regulations, that portion shall be considered void. The remainder of this policy shall not be affected thereby and shall remain in full force and effect.

PURPOSE: The purpose of this plan is to state the Department's plan of non-discrimination on the basis of disability¹ of individuals for participation in or for receiving the benefits of services, programs, or activities or for access to or use of facilities owned or controlled by the Department. The Department also seeks to make available to individuals who may desire relief under this policy notice of the procedures through which they may request a reasonable accommodation or, in the alternative request a remedy for discrimination as defined by Title II of the Americans with Disabilities Act.

APPLICATION: All qualified individuals with a disability seeking and meeting the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the Department, or access to or use of facilities under the ownership or control of the Department.

DEFINITIONS: "Qualified Individual" means an individual who, with or without reasonable modification to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the Department, or for access to or use of facilities under the ownership or control of the Department.

POLICY: It is the policy of the Tennessee Department of Transportation to prohibit discrimination against any qualified individual on the basis of disability in regards to the admission or access to, or treatment in, its programs, services or activities or accessibility to facilities within its ownership or control. The Department shall comply with applicable requirements of Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, Title 28 of the code of Federal Regulations Part 35, "Non-discrimination on the Basis of Disability in State and Local Government Services," as well as any other applicable law pertaining to disability non-discrimination.²

It is the policy of the Department to operate each service, program, or activity so that the service, program, or activity when viewed in its entirety, is readily accessible to and usable by qualified individuals with disabilities. Furthermore, it is the policy of the Department that no qualified individual with a disability, because facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, or activities of the Department or be subjected to discrimination.

¹ The prohibition of discrimination based on disability under Title I of the Americans with Disabilities Act with regard to employment decisions and employee relations falls under TDOT Policy Nos. 105-01 and 105-02 under the authority of the Civil Rights Office.

² Note: While the Department is committed to the principles embodied in this policy, the policy itself is not intended to state contractual terms and does not constitute a contract between the State and individuals seeking receipt of services or participation in programs or activities provided by the State. This policy supersedes all policies that conflict with the terms of this policy. Furthermore, this document and its contents constitute ONLY the policy of the State of Tennessee Department of Transportation. A finding of a violation of this policy does not mean that the conduct violates state or federal civil rights laws.

- d. The complainant cannot be located after reasonable attempts.

HOW COMPLAINTS ARE INVESTIGATED AND RESOLVED: Generally, an investigation of a complaint will include an interview with the complainant to determine if there is a violation of this policy. Once the TDOT ADA/Section 504 Coordinator decides to accept the complaint for investigation, he/she will conduct a thorough and neutral investigation of all reported complaints of disability discrimination or Title II violations under the meaning and authority of this policy as soon as practicable. At the conclusion of an investigation, recommendations will be made to the administration to remedy any confirmed violation of this policy. The TDOT ADA/Section 504 Coordinator will send a copy of the original complaint filed and a letter concerning the findings and remedy chosen, if applicable to the complainant(s) within (60) sixty calendar days of the acceptance of the complaint.
