New Lakeway Transit Center Plan in the Works; Public Meeting for Feasibility Study

Morristown, TN - In collaboration with the East Tennessee Human Resource Agency (ETHRA) and Lakeway Transit, the Lakeway Area Metropolitan Transportation Planning Organization (LAMTPO) will hold a public meeting on Thursday, November 2 from 9:30 AM – 12:00 PM Eastern at the Morristown Chamber of Commerce (825 W 1st N St., Morristown, TN 37814) to discuss the feasibility of a brand-new multimodal transit center in the Lakeway Area.

The public is invited to attend the meeting to learn more about the project and share their ideas on the location, services, and amenities of the future transit hub.

LAMTPO, together with ETHRA and Lakeway Transit, envisions a transit center that will provide convenient and accessible transportation options for everyone in the Lakeway Area. We want to hear from the community about what you need and want from your transit center. This is your chance to have a say in the future of transportation in the Lakeway Area.

Whether you're a commuter, student, or resident, we encourage you to come to the meeting and share your thoughts. Together, we can build a transit center that meets the needs of our community.

Staff and consultants will be available on-site for questions regarding the project. For more information, please contact Richard DesGroseilliers at richd@mymorristown.com or (423) 581-6277.
